

Receipt of Information - Member Nomination Form

A Better Way to Access Information and Help the Environment

What this form is for

Each year we are required to communicate information to members, including annual financial reports, which are lengthy and expensive to print and mail.

As an alternative, the *Corporations Legislation Amendment (Simpler Regulatory System) Act 2007* allows ONL to make the information available on our website and only send full hard copy reports to those members who elect to receive them that way.

This form gives you the opportunity to opt out of receiving hard copies and, instead, get information either by electronically by e-mail and from our website.

How to nominate your method or receiving information

You have three options, but you can only select one of them. Mark the box alongside one of the following options:

- 1. Do not send me any hard copy notices of notices of annual general meetings or annual reports, as I understand this will be available on the ONL website and will enable significant savings in printing and postage costs.
- 2. Yes I would like to receive communications electronically as permitted by the Corporations Act 2001, including email notification and internet access relating to company announcements, notices of annual general meetings and annual reports. My email address is given below in the member details section.
- 3. Please mail to me a printed versions company notices, notices of annual general meetings and annual reports.
