How do I place an order
through the portal?

Important information:

The Stoma Appliance Scheme provides ostomy products to eligible persons that need them.

Products obtained through the Scheme are **funded by Medicare**, and selected from the Stoma Appliance Scheme schedule by the eligible person in consultation with their Stoma Nurse or other medical professional.

To add a new or not recently ordered item to your portal order, **please liaise with your Stoma Nurse** or other healthcare professional to check the appropriateness of the product for your use and to obtain the product code of the item, as it appears on the Schedule. The item's product code as it appears on the Schedule is necessary to add the item to your product list.
